

# Affordable Luxury

**Transforming conventional setups to smart ones**

## Who We Are?

We are an automation solutions company based in Melbourne, Australia. We develop world-class technology and top quality products in pursuit of our goal to automate and transform every property in Australia.

## Why Choose Us?

We offer a comprehensive range of support packages to suit all budgets and service-level requirements. Our ongoing R&D and feature enhancement rollouts will ensure that your system is continuously improved upon and future-proofed via OTA software updates.

## OUR SERVICE

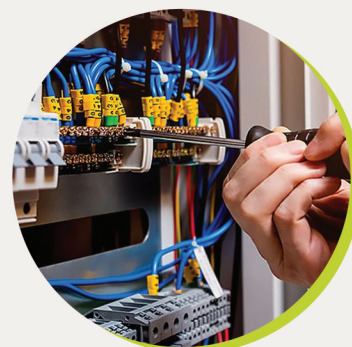

We automate the existing power and switch outlets in your property with superior hardware and intelligent software systems. Our unique retrofit design makes it easy to install in any property and will satisfy a wide range of requirements.
